## REMOTE LEARNING

Dear Parents,

I expect you are still reeling in the shock of not having heard from me for a few days?! I hope you are all keeping safe and well.

Firstly, thank you for your support in the remote learning at home – we are thoroughly enjoying seeing the children's work.

Devices and laptops are currently in the process of being distributed to children who are in need to support them with their learning. Once these have been allocated, there is a possibility that we may have additional devices available for loan. If you are struggling at home with the number of children requiring access to the same device, but did not qualify in the first instance, then please contact Emma Stubbs at [admin@roundswell.tarkatrust.org.uk](mailto:admin@roundswell.tarkatrust.org.uk) we will do our very best to help.

Secondly, I have attached a 'Remote Learning' document outlining the provision and some frequently asked questions for your information. I hope this helps in clarifying the remote learning offer in school.

I also draw your attention to the updated Risk Assessment for this lockdown period, available on our school website.

I hope to be in touch again very soon, but in the meantime, keep safe and keep smiling.

Best wishes,

Kate Fairbrother  
Headteacher
